This institution is an equal opportunity provider.

Welcome

Our mission is to help ensure the survival and healing of American Indians and our community by providing high quality, comprehensive health care and wellness services.

We provide a full range of primary care and illness prevention services. We focus on holistic services, health education, and American Indian values such as healing the whole family.

We welcome everyone to our health centers regardless of age, race, ethnicity, gender or sexual orientation. We take pride in serving our diverse patients and clients!
